

PRO BONO LEXIS REQUEST FORM

Attorneys engaged in the pro bono representation of a client may use this form to request free Lexis time. Thanks to the efforts of the Indiana State Bar Association, Lexis awarded the Indiana Pro Bono Commission (IPBC) an annual grant of \$36,000 worth of Lexis research, free of charge. The research must, however, be used in the course of representing a lower income client with the understanding that your services are provided free of charge.

Please fill out the top of this form and return it to the address at the bottom. They will provide you with the access number. Please return the completed form as soon as you have completed your research. For more resources, please consult the IPBC Website at www.state.in.us/judiciary/probono.
